LOSETAS **MOLDEAR**

# STONEK

La marca Stonek, parte de la línea de Moldear, destaca por sus losetas innovadoras que combinan funcionalidad y diseño. Estas losetas poseen propiedades antideslizantes, atérmicas y resistentes, con un diseño de poros cerrados que facilita la limpieza y previene daños por congelación. Con bordes biselados que garantizan seguridad y una estética similar al mármol travertino, Stonek eleva el estilo de piscinas y solárium.
